FACT

Local Evidence

Evidence that can be verified. Fact is what we want. Opinion is not enough. Opinions differ.

Here's a Norwich fact. You can test it.

Mrs. Roland Ockery, 262 Franklin Street, Norwich, Conn., says: "Doan's Kidney Pills brought me great relief from pains in the small of my back that caused me great suffering. Whenever I stooped, sharp twinges darted through my body and I was handicapped in doing my housework. I felt miserable when I began using Doan's Kidney Pills, procured from N. D. Smith & Son's Drug Store, but their good effect was soon noticeable and I continued taking them until my trouble was entirely removed."

The above statement was given August 24, 1908, and some years later Mrs. Ockery said: "You may continue to publish my former statement in praise of Doan's Kidney Pills. They cured me of kidney trouble and I have been in good health since. Other members of my family have taken this remedy with excellent results."

Park Additions. The petition of the park commissioners to approve the additions to Mohegan park by the deed of Dr. John A. Rockwell, Dec. 31, 1912, was accepted and it was voted to consider the matter at a public hearing on March 3.

Petitions. A petition for a crosswalk on Falls avenue between the buildings of Max Gordon & Son and the Norwich Industrial company, signed by several commoners, was referred to the public works committee. A petition for crosswalks on the easterly side of West Thames street, Newcomb street and at Nelson place, or for a betterment of present conditions, was referred to the same committee.

Sidewalk Favored. The public works committee reported on the petition of the Norwich Nickel and Brass company for a sidewalk along the easterly side of Chestnut street between Willow street and Franklin street, and recommended that property owners be required to lay a stone or granite walk four feet wide, at their own expense, on the lines and grades prescribed by ordinance. The work to be completed by May 1, 1913, to the satisfaction of the street committee. The report was accepted and it was voted to hold a hearing on those interested on March 3.

Condition of Local Cars.

Mayor Murphy addressed the council as follows: My attention has been called by a great many of the citizens, particularly the ladies, to the condition of the two cars which are used by the Connecticut company running from Laurel Hill to the Backus hospital. These cars are not in a sanitary condition, as dust and dirt arise from the old dilapidated cushions therein.

I would suggest that a committee of three be appointed by the court of common council to meet the superintendent of the Connecticut company, asking him if said company will not put on two cars on this route that are more suitable for the people and the traveling public.

On motion of Councilman Williams the matter was referred to the health officer.

YOUNG CITIZENS' CLUB.

Addresses by Adelard Morin and Ruth-erford C. Plant Prove Interesting.

There was an attendance of about 25 at the meeting of the Young Citizens' club held Monday night. A very pleasing musical programme was furnished by the club members. The speakers of the evening were Adelard Morin and Ruth-erford C. Plant. The latter made an excellent talk full of helpful ideas for the young citizens. Mr. Morin told of the privileges of citizenship in this country as compared with that of other countries. He told the boys how they would be able to take part in the making of the laws of their country when they were older, and how they would be able to fill office. Boys in other countries are not accorded these privileges. Mr. Morin told his young listeners to be good, honest, and to respect old age, helping aged people whenever they are able. He told them to do nothing that they would be ashamed to allow others to see, and especially not to be dishonest. He told them, telling them this was the only way to succeed. At the conclusion of his talk Mr. Morin was roundly applauded.

Mr. Plant then kept the attention of the boys for a few minutes, he also telling of his own citizenship. Mr. Plant told of the way that many foreign countries had to work and were only allowed to attend school during the midwinter months. These conditions are far different from the conditions in our country. Foreign boys are forced to undergo military duty and according to the many battleships attached to military duty. In this country these conditions are unknown. Mr. Plant spoke of the many opportunities that the American boy

MUSICAL BY PARISH HOUSE ASSOCIATION.

Delightful Programme Given On Monday Evening at Osgood Memorial.

A delightful musical entertainment was given Monday evening at the Osgood Memorial under the auspices of the Parish House association. The program was a most excellent one, filled with an appreciative audience. Mrs. B. P. Learned's recitation of "The Witch Song" left nothing to be desired. Her recitation was given in a lyrical beauty to the words and combining harmoniously with Mrs. Grosvenor Ely's splendid rendering of the accompaniment. This poem is a very old English one and portrays the times when ignorance and superstition made no one safe from being burned as a witch, and the monk who allowed an innocent girl to meet this fate only finds pardon after years of penitence and prayer.

His is a wild and tragic drama, his scene and story. The music for it is by Max Schilling.

Ernest Symonds of Salem, Mass., is always a welcome visitor to Norwich, especially when he brings her violin. Her numbers were greatly enjoyed. Her first group comprised "Deep River," by Coolidge-Taylor; "Cherry River," by Cyril Scott; "Liebeslied," by Kreisler, and "Orientalis," by Cesar Cui. In response to the insistent encore she also gave "Canzonetta," by D'Ambrosio, and was presented with a large bunch of pink roses.

Eben Learned was in fine voice and his songs were splendidly rendered and enthusiastically received. "Tonight," by L. Kellie, was given in an especially pleasing style. "Who is Sylvia," by Coates, and "I Hear You Calling Me," by Marshall, were followed by the ensemble numbers, "Over the Desert," and "Andante from Sjoegren's Sonata," for violin and piano, was given by Mrs. Symonds and Mrs. Ely with much beauty.

The closing number was the solo selection, Spanish Dance, by Rehefeld, after which Liebeslied was repeated. The accompaniment and the brilliant and masterly playing always adds so much to any entertainment in which she takes part.
